Dear Parents:

If you want your son to have some fun, excitement, outdoor opportunities and a chance to participate in a program where he learns how to “*Do your Best!*” and be helpful to others, then we have just the program for you!

Cub Scouting is a home and neighborhood centered program designed to support and encourage quality family involvement for boys in the *first* through *fifth* grades. Each Cub Scout learns to respect his home, country and other people. The program also helps boys this age to:

- Learn new physical skills through sports, crafts and games.
- Learn how to get along with others through group activities.
- Develop personal independence.
- Learn to make value based decisions that assist them throughout their adult life.

Now is your chance to get him involved and signed up for Cub Scouting.
